

Keep Your **Dealership's Website Up to Date** — Automatically.

Real-Time Inventory. Accurate Pricing.
No Extra Work.

Easily Load Product Info from Most OEM's

Sync product descriptions, pricing and images directly from our extensive catalogue.

Ensure Accurate Pricing & Inventory

Avoid manual updates by automatically pulling inventory and pricing information from Ideal.

Personalize Your Site

Easily adjust the look and features of your site and make important updates directly from the editor.

Advanced Reporting Capabilities

Access detailed reports for insights about your product sales and revenue.

TargetWeb offers streamlining of your inventory, so customers can see live inventory... Now whenever we receive a product in, it automatically adds that to the website.
